### SESSION INFORMATION

#### **Portrait Session Fee:**

The session fee of \$75 includes a 1-2 hour photo shoot at a location of your choosing (home, park, farm, downtown, studio, etc.) The fee also covers time spent editing, proofing and uploading images to an online gallery for you to review.

For outdoor shoots, I try to schedule early morning or a few hours prior to sunset when natural light is best. However, I'm willing to work with you on a time that fits your schedule. Feel free to bring as many outfit changes as you wish. For portraits with more than one person, mostly solid, coordinated colors (no graphics, wording, etc.) between everyone will tie the picture together. If you have a special place in mind, that's great - I love new locations!

I usually take many photos. However, from each session you will have approximately 30-40 edited images from which to choose. These should be available for viewing within 1-2 weeks of the session in a password-protected online gallery. They will remain online for approximately 3 months. If you need to place an order subsequent to that time, an additional fee will apply.

#### **Weddings:**

The session fee of \$1,250 includes up to 7 hours of wedding day coverage, photo editing and low-resolution digital files. The final

number of edited images will vary depending on requested shots, length of ceremony/reception, etc. All of the images will be available for viewing and purchasing of prints as soon as possible (approx. 4 weeks of the event). Wedding albums/coffee table books are available and prices vary depending on size, number of pages, etc.

## **Print Pricing:**

As you view your images, you will have the option to add to your cart for ordering. I will be happy to consult with you on your ordering options and place the order for you. If you choose to order yourself, I will review prior to submission to check for cropping, etc. Orders are placed with an exceptional pro lab and will be delivered directly to you within a week to 10 days of placing the order.

The following is a sample list of standard print sizes and prices available:

4 wallets	\$3
5x7	\$5
8x10	\$7
11x14	\$15
16x20	\$35
20x24	\$45

There are many other options & products available as you will see once you begin selecting your prints. The above prices do not include finishing and mounting services, some of which are optional.

## **Digital Images:**

I also offer a CD or DVD including all of the high resolution digital images with a copyright release for \$100 (\$300 for wedding). However, please keep in mind that print quality will be substantially diminished and cannot be guaranteed when printing elsewhere. I

can also provide digital images with a watermark for web or other digital presentation (not printing) free of charge, upon request.

### **Other Information:**

If you are interested in photographic services other than what's discussed above, please contact me and we can discuss options. I do request a model release so please print the form from the website and sign prior to the session. For weddings, a shot list and wedding contract are also required and are available on the website for printing and signature.

All session fees are due at time of service. If you are not satisfied with your proofs, I will be glad to schedule another session. I will work with you until we get it right!

(Please note that prices are subject to change without prior notice.)
